The Commonwealth of Massachusetts

OFFICE OF THE SECRETARY, BOSTON, JAN. 31, 1930.

To the Honorable Senate and the House of Representatives:

I have the honor to submit herewith, in compliance with General Laws, chapter 54, section 133, as amended by Acts of 1921, chapter 209, section 7, a report of the number of assessed polls and the number of registered voters in each city and town at the date of the last city and town elections, and the total number of persons who voted at each such election in every city and town, and in every voting precinct therein, and the number of votes received by each candidate for nomination and for election for a State office in the year 1929, together with other information relating to elections.

In further compliance with the law above quoted, I submit the following recommendations:

1. General Laws, chapter 51, section 29, makes provision for the registrars of voters to hold a continuous session on the fourth day preceding a special election. There is no provision made for holding a specified session preceding a special primary. There have been several special primaries and elections held during this past year, and the matter of registration prior to the special primary has been questioned by several boards of registrars. I therefore recommend that an act be passed regulating this matter.

2. Under the existing laws regulating the filing of statements of receipts and expenditures of candidates for public office the candidate is required to file his statement within seven days after the last day for filing nominations for that office. There seems to be considerable confusion as to just what constitutes "seven days after the last day for filing nominations." It has always been interpreted in this office to mean the seven days after the last day and hour for filing written acceptance by candidates to be voted for by districts whose names were not printed on the primary ballots. In some cities the procedure in relation to filing nomination papers makes the filing of financial statements prior to the date of primary, and as the laws pertaining to corrupt practices apply to cities and certain towns, I recommend that an act be passed to clarify this situation.

On the other hand, under the existing laws a candidate for an office to be voted for at large is required to file his statement of receipts and expenditures several days before the time set for a candidate for all other offices. The passage of an act as hereby recommended will obviate the necessity of having two sets of dates for such returns.

RETURNS UNDER THE "CORRUPT PRACTICES" LAW

Since the last report special elections have been held to fill vacancies in the office of Senator in the following districts: Norfolk and Plymouth (September 24, 1929), Norfolk (November 5, 1929), and for Representative in the General Court in the Second Middlesex (May 28, 1929), and the Fifth Norfolk (November 19, 1929).

Under the provisions of General Laws, chapter 55, as amended by the Acts of 1928, chapter 212, nomination expense returns were received from 18 candidates. One failed to file a return and was therefore transmitted to the Attorney General according to law.

There were eleven candidates who reported no receipts and three who reported no expenditures. The total receipts for nomination as shown by returns filed were \$767.05, and the total expenditures, \$2,877.66.

Election expense returns were received from seven candidates, four of which reported no receipts and one reported no expenditures.

The total receipts for election as shown by returns filed were \$227.00 and the total expenditures \$575.25.

There were also received from treasurers of political committees receipts of \$510.31, expenditures or disbursements, \$460.75, and unexpended balance of \$49.56.

Respectfully submitted,

FREDERIC W. COOK, *Secretary.*

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS

Apparent inconsistencies in the report may be accounted for, in part, as follows:
First.—The number of assessed polls includes aliens and other persons who are not qualified to become registered voters.

Second.—The number of registered voters includes persons who are exempt from taxation and therefore are not included in the number of assessed polls.

Third.—Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.

Mass. Secretary of the Commonwealth
April 23, 1931.

The Commonwealth of Massachusetts

OFFICE OF THE SECRETARY, BOSTON, Jan. 31, 1931.

To the Honorable Senate and the House of Representatives:

I have the honor to submit herewith, in compliance with General Laws, chapter 54, section 133, as amended by Acts of 1921, chapter 209, section 7, a report of the number of assessed polls, the number of registered voters at the date of the last biennial State election and city and town elections, and the total number of persons who voted at each such election in every city and town, and in every voting precinct therein, together with the number of votes received by each candidate for nomination and for election for a State office, and for election for a State committee.

In further compliance with the law above quoted, I submit the following recommendations:

1. Article XV of the Amendments to the Constitution provides in substance that in case of failure to elect representatives at the biennial State election a second election shall be held on the fourth Monday of the same month of November. Because of the short period of time following an election, with the probability of recount and perhaps other contest, it is almost impossible to hold a second election as provided. I respectfully recommend that said article be amended by striking out all after the word "annually." In the event that the General Court decides it is inadvisable to make this suggested amendment, some statute should be adopted to provide just which candidates would be eligible to be voted upon at such second election.

2. Article XLV of the Amendments to the Constitution provides that "The general court shall have power to provide by law for voting by qualified voters of the Commonwealth who, at the time of an election, are absent from the city or town of which they are inhabitants in the choice of any officer to be elected or upon any question submitted at such election." Because of the large number of applications preceding the last election, and with the conviction that this privilege should be extended to unfortunates deprived of the right to vote because of physical disability, I respectfully renew the recommendation which I have several times made to the General Court, that the provisions of said article be extended to include qualified voters who, by reason of physical disability, are unable to cast their votes at the polling place in person.

3. Article XLVIII of the Amendments to the Constitution, General Provisions, III, Form of Ballot, provides for the form in which questions relating to amendment to the constitution or laws submitted to the people shall be printed on the ballot. Under the present law and in pursuance of an opinion to the General Court the past year, the Attorney-General has not authority to condense these questions. It is my belief that such authority should be given in order that questions on the ballot may be more briefly expressed. The large number of blanks on such questions at the elections, varying from 25 to 50 per cent of the ballots cast, indicates a lack of understanding which might be helped if the Attorney-General could use shorter forms. I therefore recommend an amendment to that part of the Constitution above mentioned by inserting after the words, "attorney general" in the third line the words: — or by the title of such amendment or law if in his opinion such title is sufficient.

RETURNS UNDER THE "CORRUPT PRACTICES" LAW

In compliance with General Laws, chapter 55, as amended by the Acts of 1928, chapter 212, nomination expense returns were received from 1,264 candidates of which 53 appeared not to be in conformity with the law, and were therefore transmitted to the Attorney-General according to law, together with a list of the names and addresses of 34 candidates who failed to file a return.

There were 1,100 candidates who reported no receipts. The total receipts for nomination as shown by returns filed were \$18,312.83. There were 316 returns of no expenses and 47 payments to political committees of \$2,235.80, an increase of

\$1,630.55 as compared with 1928. The total expenditures for nomination were \$196,440.37, an increase of \$4,899.28 as compared with 1928.

Election expense returns were received from 698 candidates of which 28 appeared not to be in conformity with the law, and were therefore transmitted to the Attorney-General according to law, together with a list of the names and addresses of 13 candidates who failed to file a return.

There were 559 candidates who reported no receipts. The total receipts for election as shown by returns filed were \$21,566.16, and 27 candidates reported receipts from political committees amounting to \$8,366.35.

There were 213 returns of no expenses and 132 payments to political committees amounting to \$11,783.19, a decrease of \$6,460.73 as compared with 1928.

The total expenditures for election were \$134,403.70, an increase of \$43,348.49 as compared with 1928.

The total receipts of candidates for both nomination and election were \$39,878.99, and the total amount received from political committees was \$8,416.35. The total expenditures were \$330,844.07, an increase of \$48,247.77 as compared with 1928, and the total amount paid to political committees was \$14,018.99, a decrease of \$4,830.18 as compared with 1928.

There were also received from the treasurers of political committees 1,012 returns, of which 614 were certificates; 143 stating that the aggregate receipts and disbursements did not exceed \$20, and 471 reporting no receipts and no disbursements. Two hundred and ninety-seven of the returns, of which 182 were certificates, were transmitted to the Attorney-General as apparently in violation of the law.

There were also submitted to the Attorney-General a list of 117 committees that had filed their organizations but had not filed statements of receipts and expenditures or a statement to the effect that they had not received or expended anything of value.

The net receipts were	\$858,767.14
(An increase of \$56,359.78 over 1928.)	
The net expenditures or disbursements were	855,748.08
(An increase of \$78,737.44 over 1928.)	
The total unexpended balance was	3,019.06
The total liabilities were	210,364.90

The gross amount returned by committees as receipts was \$891,227.14; and as disbursements, \$888,208.08. Of these amounts, \$32,460.00 was returned both as receipts and disbursements by more than one committee.

A special election was also held to fill a vacancy in the office of Congressman in the Second Congressional District (February 11, 1930) and a special primary for Sheriff, Essex County (October 21, 1930).

Under the provisions of General Laws, chapter 55, as amended by the Acts of 1928, chapter 212, nomination expense returns were received from nine candidates. One failed to file a return and was therefore transmitted to the Attorney-General according to law.

There were four candidates who reported no receipts and two who reported no expenditures. The total receipts for nomination as shown by returns filed were \$3,043, and the total expenditures \$5,423.60.

Election expense returns were received from four candidates, one of which reported no receipts.

The total receipts for election as shown by returns filed were \$6,980 and the total expenditures \$7,144.86.

There were also received from treasurers of political committees receipts of \$7,174.63, expenditures or disbursements, \$6,139.50 and unexpended balance of \$1,035.13.

Respectfully submitted,

FREDERIC W. COOK,

Secretary.

AND

PERSONS WHO VOTED

AT THE

STATE, CITY AND TOWN ELECTIONS

IN THE YEAR 1930

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS

Apparent inconsistencies in the report may be accounted for, in part, as follows:
First.—The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second.—The number of registered voters includes persons who are exempt from taxation and therefore are not included in the number of assessed polls.

Third.—Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.

Votes on Referendum Question No. 1
(AMENDMENT TO THE CONSTITUTION)

Shall an amendment to the Constitution relative to the apportionment of senatorial, representative and councillor districts, further described as follows:

The proposed amendment of the Constitution provides for the annulment of Article XXI of the Articles of Amendment of the Constitution and the substitution thereof of a new Article XXI, and for the annulment of Article XXII of the Articles of Amendment of the Constitution and the substitution thereof of a new Article XXII. The proposed amendment embodies in substance the following changes in and additions to said Articles XXI and XXII:

1. In proposed Article XXI, towns of twelve thousand inhabitants or more may be divided in forming representative districts. No precincts, however, in such towns may be divided. In taking the census the special enumeration of legal voters shall specify the number residing in each precinct of such towns. Under existing Amendment XXI no town may be divided and no specification of the number of voters in a precinct is required.
2. The division of a county into representative districts and the apportionment of representatives to districts therein is to be made by "The county commissioners or other body acting as such or, in lieu thereof, such board of special commissioners in each county as may for that purpose be provided by law, . . ." Under Article XXI as it now stands the division and apportionment is made by "The mayor and aldermen of the city of Boston, the county commissioners of other counties than Suffolk, — or in lieu of the mayor and aldermen of the city of Boston, or of the county commissioners in each county other than Suffolk, such board of special commissioners in each county, to be elected by the people of the county, or of the towns therein, as may for that purpose be provided by law, . . ." The time for assembling of such commissioners, board or body for the purpose of making such division and apportionment is also changed, from the first Tuesday of August next after each assignment by the Legislature of the number of representatives to each county, to a time within thirty days after certification by the Secretary of the Commonwealth to such commissioners, board or body of the number so assigned, or within such other period as the General Court may by law provide.
3. Under the proposed Articles, each special enumeration shall be the basis for de-

termining the districts, senatorial, representative and councillor, for the ten-year period beginning in the fourth January following said special enumeration and the present division of districts is to remain in effect until January, 1939. Under the existing amendments the ten-year period is the period between the taking of each census. (Thus, the next redivision based upon the next census in 1935 would, under the proposed Articles, affect those elected in 1933 to hold office beginning in January, 1939, instead of affecting those elected in 1936 to hold office beginning in January, 1937. Under existing amendments representation of newly created districts begins in January of the second year after each ten-year census, whereas under the proposed article it would begin in January of the fourth year thereafter.) The number of representatives (240), senators (40), and councillors (8) is not changed.

4. The Legislature may limit the time within which a division of representative, councillor or senatorial districts may be questioned by judicial proceedings. The existing amendments contain no provision that itself limits or authorizes the Legislature to limit such time, which received in a joint session of the two Houses held May 17, 1928, 182 votes in the affirmative and 48 in the negative, and at a joint session of the two Houses held May 26, 1930, received 155 votes in the affirmative and 88 in the negative, be approved?
